

To Whom So Ever It May Concern

Re: Additional communication (read as Bridge letter) related to the Report on Controls Placed in Operation and Tests of Operating Effectiveness – 01-Jan-2024 to 31-Mar-2024 (the “SOC 2 Report”)

HighRadius Corporation, to be referred as HighRadius hereafter, recognizes the need to maintain an appropriate internal control environment and report on the effectiveness of, as well as material changes to, its system of internal control. This letter confirms that based on our records, and to the best of our knowledge, for the period **01-Jan-2024 to 31-Mar-2024**, we are not aware of any material changes to the system of internal control, nor has anything come to our attention that we believe would impact the conclusions reached in the SOC 2 Report.

In order to conclude upon the design and effectiveness of internal controls at HighRadius, you also should request and read the SOC 2 report for period **01-November-2022 through 31-October-2023**. This letter is not intended to be a substitute for the SOC 2 report, or to provide you with a certification of HighRadius internal controls, or to suggest to you that HighRadius has performed a separate evaluation of its controls for the purposes of producing this letter.

Sincerely,
Vartika Saxena
VP – Cyber Security
